v All the Revenue Settlements conducted in 1876 the Asst Collr recorded that "no revenue from arrack has ever been enjoyed and after some discussion about toddy has recommended that in "the the rights to toddy which "has been enjoyed may be confirmed" the Revenue Superintendent thereupon reserved the rights to the Abkaree evidently referring to "Arrack" as distinct from "toddy" It may therefore be held that toddy & rice revenue has been conceded both by Samuel & the Revenue Settlement. The Investigating Officer, the Collr & the Revenue Comrs are all of the same opinion

The proceedings recorded by the Revenue Officers show that there was some dispute about their exercising the right of removing loads in the village. In the Memorial addressed to the Collector on 30th April 1903 it is stated that they were put to heavy loss for the last 8 or 10 years by their having been prohibited to remove performed by their [illegible] carts. It is also clear that the shop was not opened or worked in the village for some years.

4 The Excise Commissioner & Officers are however satisfied that the long enjoyment of the privilege in question by the Munsiffs has been established.

5 The shop in the village has been regularly worked from 1892-93.
